EDUCATION

Gandhi Institute of Excellent Technocrats ,Bhubaneswar,Odisha

Bachelor of Technology in Computer science & Engineering - 8.73   Aug 2023 - May 2027

WORK EXPERIENCE

CTTC

Student intern(web development)   June 2024 - July 2024
- I have learned web design through the use of HTML, CSS, advanced CSS techniques, JavaScript, and Bootstrap.
- As part of my learning, I built several projects, including a Mind Wellness website, a Login Page, and an E-commerce website.

Student intern(AIML)   July 2025 - Present
- Worked on a face detection project using Python, OpenCV, and deep learning.
- Gained hands-on experience in machine learning, neural networks, and real-time image processing.

PROJECTS

MENTAL-WELLNESS WEBSITE ⬈   June 2024 - July 2024
- Mind Wellness Websiteis a user-friendly, interactive platform designed to promote mental well-being.
- Built using HTML, CSS, and JavaScript, the website offers a clean and visually appealing interface, tips, and tools to improve their mental health.
- The website features engaging content such as guided exercises, and relaxation techniques, all designed to support users in managing stress and enhancing mindfulness.

ROAD SAFETY AWRENESS WEBSITE ⬈   Nov 2024 - Nov 2024
- TheRoad Safety Awareness Websiteis an informative platform created with HTML, CSS, and JavaScript to educate users about safe driving practices, traffic rules, and accident prevention.
- The website features a responsive design and interactive elements like IoT projects and safety tips, promoting road safety and encouraging responsible driving.

MY PORTFOLIO ⬈   DEC 2024 - Dec 2024
- A website that showcases my web development skills and projects .
- It features a clean, responsive design with interactive elements that highlight my work, including web applications, design projects, and technical achievements.

DEVIQX   JULY 2025 - Present
- An interview preparation website built with front-end technologies offers a user-friendly, responsive interface ,provides practice questions, mock tests, coding challenges and features include progress tracking.
